ECZEMA ON LITTLE GIRL

Sleepless Nights for Mother and Awful Suffering of Child.

CURED BY CUTICURA

Had Given up All Hope of Ever Making Any Cure.

"My little girl has been suffering for two years or more from eczems, and during that time I could not get a night's sleep, as her ailment was very

"I had tried so many remedies and spent much money, deriving no benefit, I had absolutely given up all hope of making any cure. But as a last resort I was persuaded to try a set of the Cuticura remedies, and to my great delight a marked change was mani-fested from the first application. I gave the child a bath with Cuticura Soap, using a soft piece of muslin cloth. This I did twice a day, each time fol-lowing with the Cuticura Ointment, and at the same time gave the Resolvent, according to directions. One box of the Ointment and two bottles of the Resolvent, together with the Soap, effected a permanent cure. I submit this for publication if you desire, hoping it will add to your success and assist so many thousands of sufferers in curing themselves." Mrs. I. B. JONES, Addington, Ind. T.

The first step in the treatment of the chronic forms is to remove the scales and crusts and soften the skin, by warm baths with Cuticura Sosp. The scalp, ears, elbows, hands, ankles and feet will require frequently a thorough soaking in order to penetrate the thickened skin and crusts with which these parts are often covered. Dry carefully, and apply Cuticura Ointment, lightly at first, and where advisable spread it on pieces of soft cloth and bind in place. Take the Resolvent, pills, or liquid, in medium doses. Do not use cold water in bathing, and avoid cold, raw winds.

Sold throughout the world. Cuticura Resolvent, 30c. In form of Chocolate Coated Fills, 25c. per visi of 40), intument, &c. Sapp. Sc. Depois London, 27 Charternames Sq.; Paris, 5 Rue de la Paix: Boston, 157 Columna Avs. Potter Drug & Chem. Corp., Sole Proprietors. mg-Deput fur "How to Cure Eczema."

The Rev. T. DeWitt Talmage says-"A newspaper whose columns over-flow with the advertisements of busi-ness men has more influence in at-tracting attention to and building up a city or town than any other agency that can be employed. People go where there is business. Capital and labor will locate where there is enterprising community. No power on earth is so strong to build up a town as newspa-pers well patronized, and this power should be appreciated."
